## Whistleblower Protection Act

Section 32 of the Public Interest Disclosure Act (2013) requires that school authorities include their annual report of disclosures in their Annual Education Results Report.

Pursuant to section 32 of the Public Interest Disclosure (Whistleblower Protection) Act, there were no disclosures received for Khalsa School Calgary during the 2023-2024 school year.

## Khalsa School Profile

Khalsa School Calgary was founded in 2007 by the Dashmesh Culture Centre to provide excellence in education while providing an environment rich in Sikh culture, values, beliefs, traditions and principles. The school opened on September 4, 2007 with fifty-seven students in grades K-4, five certificated teachers and three support staff.

Currently, the school has five hundred seventy-six students in grades K-9, thirty-three certified teachers, and eighteen support staff members. Since the school's founding, the original building has undergone numerous improvements. The most recent additions to the school are a newly installed artificial turf soccer field (September 2023), a new wing of eight new classrooms (September 2023), fourteen additional classrooms that were added in September 2012, a new gymnasium (May 2014), and a new Learning Commons (May 2019).

Khalsa School Calgary is a Sikh faith based school that is directly supported by the Gurdwara, and by our community. In all matters of faith, we take our direction from our Board and the Gurdwara. As a Sikh School we respect the beliefs, values and practices of all other religions, and we welcome all students and families who wish to join us. We have a number of unique attributes of which the staff, students and community are very proud. The three fundamental pillars of academic excellence, personal and character development and a "Khalsa" attitude" underpin our teaching and learning community.

Our teaching and learning environment supports academic and spiritual growth while enhancing the personal and social development of our students. Our deliberate focus on "preserving the past... preparing for the future" underpins our students' success and achievement. Every day we encourage our students to strive for excellence, embrace their full potential, and demonstrate pride in their culture, traditions and faith.

## Unique attributes include:

- Enhanced curriculum to reflect the school's core values, principles and goals. Compulsory courses in Punjabi, Gurmat & Keertan
- Celebration of Canadian and Sikh holidays and traditions
- Promotion of Sikh values and principles
- Regular monthly performances at the Gurdwara
- Growth Mindset Implementation
- Student led weekly assemblies
- Numerous leadership opportunities for students
- Yearly Seva projects in each grade level
- Implementation of STEM program

## **Foundation Statements**

#### **OURGOALS**

During our review of the Accountability Pillar Results and refection upon our accomplishments and areas in need of growth and improvement, we have identified the following goals to guide our educational journey in 2023-2024 and beyond. We are confident that these goals are embedded within the goals of the province of Alberta and we are accountable to them as an accredited funded private school offering the Alberta Program of Studies.

- Inspire students to follow the Guru Ji's teachings and to stay connected to their Sikh heritage.
- Provide students with the knowledge, skills, attributes and confidence they need to be good citizens and succeed in this ever-changing world (Resources - Sikh Teachings and Application of Growth Mindset)
- Strengthen the links between the family, education and communities.
- Capacity Building related to implementation of Growth Mindset.
- Promote leadership skills- by mastering great communication skills, which enable them to express their vision, inspire others to join them and put in the necessary effort to accomplish their goals, become good listeners, and become willing to accept criticism from others and own up to their mistakes. Their productivity is fueled by a passion to learn and a dedication to constant development.

## First Nations, Metis, and Inuit Student Success at Khalsa School Calgary

- 1. Khalsa School Calgary recognizes the importance of incorporating First Nations, Metis, and Inuit (FNMI) student success within its educational framework. By integrating Indigenous perspectives, knowledge, and cultural awareness into the curriculum, the school aims to foster an inclusive learning environment that respects and values the diversity of its students. This write-up explores how Khalsa School Calgary is actively working to align its educational practices with the Alberta curriculum, while engaging stakeholders and building partnerships with the FNMI community.
- 2. Integration of FNMI Perspectives and Knowledge: Khalsa School Calgary acknowledges the richness and significance of FNMI perspectives and knowledge within the educational experience. The school ensures that these perspectives are integrated across different subject areas and grade levels. Teachers incorporate FNMI content, such as history, culture, and contributions, into lesson plans, assignments, and discussions. This approach helps students develop a well-rounded understanding of Canada's diverse heritage and fosters cross-cultural appreciation.
- 3. Alignment with Alberta Curriculum: Khalsa School Calgary strives to align its educational practices with the Alberta curriculum, incorporating FNMI content as outlined in the "Guidelines for FNMI Education." By adhering to these guidelines, the school ensures that FNMI perspectives and knowledge are integrated appropriately throughout all grade levels and subject areas.
- 4. Engagement of Stakeholders: 6 Engaging stakeholders is a crucial aspect of incorporating FNMI student success at Khalsa School Calgary. The school actively involves various individuals and groups to create a collaborative and inclusive approach. Here are some examples:
- a) Elders and Knowledge Keepers: By inviting FNMI elders like Elder Randy Alexander to the school during Education Week, Khalsa School Calgary provides students with the opportunity to learn from their wisdom and traditional knowledge. Elders play an essential role in sharing cultural teachings and

#### Education Plan 2023-2026

- enhancing students' understanding of FNMI histories and traditions.
- b) First Nations School Committee: Khalsa School Calgary has established a First Nations School Committee comprising staff members who have expertise in FNMI education. This committee works collaboratively to gather and share resources, best practices, and cultural teachings with other staff members. It acts as a support system to ensure that FNMI perspectives are embedded effectively within the school's curriculum and activities.
- c) Parent and Community Engagement: Khalsa School Calgary actively involves parents and community members in promoting FNMI student success. Regular communication and dialogue are maintained through newsletters, parent-teacher meetings, and community events.

Khalsa School Calgary is committed to incorporating FNMI student success by integrating Indigenous perspectives, knowledge, and cultural awareness within the school's curriculum. Through aligning with the Alberta curriculum, engaging with stakeholders, and building partnerships with the FNMI community, the school strives to provide an inclusive learning environment that fosters cross-cultural understanding, respect, and appreciation.

## Our Shared Goals for Continuous Improvement at Khalsa School Calgary

Goal 1: To implement high-impact teaching strategies that improve student achievement and academic excellence, as measured by Provincial Achievement Tests (PAT) results.

**Outcome:** The implementation of high-impact teaching strategies can have several positive outcomes, including improved student engagement, motivation, and academic performance, leading to higher scores on Provincial Achievement Tests (PATs) and increased academic excellence.

#### **Measurement:**

- Standardized Test Scores: measuring academic success through standardized test scores such as the Provincial Achievement Tests (PATs). Analyzing the results of Provincial Achievement Tests (PATs) and tracking changes in student performance over time
- Post-Secondary Enrollment: Tracking the number of students who go on to post-secondary education to measure their preparedness for future education and careers.
- Employment and Career Success: Tracking the career success of alumni.
- Surveys and Feedback: Surveys of students, parents, and alumni provides the valuable feedback on the school's effectiveness in preparing students for their future education and careers. This feedback can be used to make improvements to the curriculum and teaching methods.

## **Strategies:**

- Implement evidence-based teaching practices: The school will regularly review the latest research on effective teaching practices, and incorporate them into the classroom. This includes strategies such as differentiated instruction, personalized learning, and project-based learning.
- Differentiated instruction: Teachers will use differentiated instruction to tailor their teaching to meet the needs of individual students, providing additional support or challenge where needed.
- Formative assessment: Teachers will use formative assessment to regularly monitor student progress, providing feedback and support for improvement throughout the learning process.
- Inquiry-based learning: Teachers will use inquiry-based learning to encourage student curiosity and exploration, promoting critical thinking and problem-solving skills.
- Collaborative learning: Teachers will use collaborative learning to promote teamwork and

#### Education Plan 2023-2026

- communication skills, encouraging students to work together to achieve common goals.
- Technology integration: Teachers will integrate technology into their teaching, using digital resources and tools to enhance learning and engage students.
- Active learning: Teachers will use active learning strategies, such as project-based learning, to provide hands-on, experiential learning opportunities that promote student engagement and critical thinking skills.
- Professional development: Teachers will participate in ongoing professional development opportunities to enhance their skills and knowledge of high-impact teaching strategies.
- Offering study groups: The school will offer study groups for students who are struggling academically. This will provide them with additional support and help them catch up to their peers.
- Encourage parental involvement: The school will encourage parental involvement in their child's education by hosting regular parent-teacher conferences, sending out progress reports, and communicating regularly with parents about their child's academic progress. This will help parents stay informed and involved in their child's education.

Khalsa School Calgary continues to provide an exceptional learning environment where students thrive academically and connect with their Sikh faith, values, and principles, cultivating a "Khalsa Attitude." The 2023 Provincial Achievement Test (PAT) results are a reflection of the hard work and dedication of both students and staff. We received the wonderful news that we ranked among the top 15 out of 848 schools in Alberta due to the outstanding performance of our grade 6 and 9 students in the Provincial Achievement Test (PAT) for the 2022-2023 school year. We aim to continue achieving such excellence.

The PAT results demonstrate the effectiveness of Khalsa School Calgary's exceptional teaching methods and their commitment to providing a well-rounded education that includes a strong connection to Sikh culture and spirituality.

Goal 2: To develop students' leadership skills and character, fostering a culture of respect, empathy, and responsibility at Khalsa School Calgary.

**Outcome:** Students demonstrate leadership skills and character traits, including respect, empathy, and responsibility, in their academic and personal lives. They are able to apply these skills and traits to positively impact their community and promote positive change.

## Measurement:

- Self-Assessments: Students will be encouraged to self-assess their leadership skills and character development using a reflective journal or other self-assessment tool. This will give students an opportunity to think critically about their own behavior and progress, and to identify areas where they need to improve.
- Leadership Opportunities: The number of leadership opportunities offered to students will also be measured. This will include the number of students who take on leadership roles in school events, the number of students who participate in leadership workshops and training sessions, and the number of students who volunteer for community service projects.

## Strategies:

- Character Education Program: A school-wide character education program will be developed that will include regular assemblies, classroom discussions, and community service projects. This program will focus on developing positive character traits such as respect, empathy, and responsibility.
- Leadership Roles: Students will be encouraged to take on leadership roles in school events such as organizing assemblies, leading clubs, and planning fundraisers. This will give students the opportunity to practice their leadership skills in a supportive environment.
- Leadership Workshops: Workshops and training sessions will be offered to students to help them develop specific leadership skills such as public speaking, conflict resolution, and teamwork. These workshops will be led by experienced leaders in the community.
- Mentorship Program: A student-led mentorship program will be created, pairing older students with younger students to provide support and guidance. This will give older students an opportunity to practice their leadership skills while providing younger students with positive role models.
- Reflection Exercises: Students will be encouraged to reflect on their personal values and goals through regular journaling and self-assessment exercises. This will help students develop a deeper understanding of themselves and their own leadership style.
- Positive Reinforcement: Positive behavior will be promoted through rewards and recognition, and negative behavior will be addressed through restorative justice practices. This will help create a culture of respect, empathy, and responsibility in the school.
- Parent and Community Involvement: Parents and community members will be involved in school events and programs to create a sense of shared responsibility for student character development and leadership. This will also give students the opportunity to practice their leadership skills in a wider community context.

# Goal 3: Foster a culture of inclusivity and respect for diversity, with a focus on Sikh culture and spirituality.

**Outcome:** Students demonstrate an understanding and appreciation of Sikh culture and spirituality, and are able to apply this knowledge to promote inclusivity and respect for diversity in their community.

## **Measurement:**

- Student engagement: Measure student engagement in activities related to Sikh culture and spirituality, such as participation in cultural events, projects, and presentations. This will be measured through attendance records, project completion, and student feedback.
- Assessment: Assess student knowledge and understanding of Sikh culture and spirituality through formative and summative assessments. This will be done through quizzes, tests, essays, or other assessment methods.
- Feedback: Gather feedback from students and Punjabi teachers on the effectiveness of the strategies used to accomplish the goal. This will be done through surveys, focus groups, or other feedback methods.

## **Strategies:**

• Integration of Sikh culture and spirituality in the curriculum across subject areas: This strategy can include the integration of Sikh culture and spirituality in various subjects such as Punjabi/Gurmat, Social Studies, Language Arts, and Keertan. This can help students to understand the significance

- of Sikh culture and spirituality in various areas of life.
- Use of multicultural resources: The use of multicultural resources such as books, videos, and guest speakers can help promote an understanding of Sikh culture and spirituality. This strategy can help students to appreciate and respect different cultures and traditions.
- Cultural events: Organizing cultural events such as Bandi Chhor Divas/Diwali, Guru Nanak Dev Ji celebration, Vaisakhi celebration and Sikhi Fair can help to expose students to Sikh cultural practices and traditions. This strategy can also help students to connect with their peers and community members.
- Community service and volunteer opportunities: Encouraging student participation in community service and volunteer opportunities related to Sikh culture and spirituality can help students to apply their knowledge and understanding to promote inclusivity and respect for diversity in their community.
- Open discussions and dialogue: Promoting open discussions and dialogue around diversity and inclusivity, and the role of Sikh culture and spirituality in promoting these values can help students to understand the importance of inclusivity and respect for diversity in their community.

## Goal 4: Embedding Growth Mindset into our approach to Teaching and Learning

**Outcome:** Embedding a growth mindset into teaching and learning means adopting an approach that focuses on effort, persistence, and the belief that skills and abilities will be developed through dedication and hard work. This approach can have several positive outcomes for students, such as increased motivation, academic performance, and resilience in the face of challenges.

## **Measurement:**

- Increased engagement and participation in class
- More positive attitudes towards learning and challenges
- Improved academic performance, particularly in areas that were previously challenging
- Increased resilience and persistence in the face of setbacks

## **Strategies:**

- Model a growth mindset: Teachers will model a growth mindset by openly discussing their own challenges and failures, emphasizing the importance of effort and perseverance, and celebrating successes and progress.
- Encourage a focus on effort: Teachers will emphasize the importance of effort and hard work over innate ability by praising students' efforts and strategies rather than their intelligence or talent.
- Teach growth mindset skills explicitly: Teachers will explicitly teach growth mindset skills, such as setting goals, developing a growth mindset vocabulary, and using positive self-talk.
- Provide opportunities for reflection: Teachers will encourage students to reflect on their learning, focusing on the progress they have made and the strategies that have been successful for them.
- Create a supportive learning environment: Teachers will create a supportive learning environment by providing opportunities for collaboration and peer feedback, acknowledging and celebrating diversity, and promoting a culture of learning and growth.
- Praise students' effort and improvement, especially when they undertake difficult tasks, rather than praising students' intelligence "you're smart" or a particular grade.
- Emphasize that fast learning is not always the deepest and best learning, but rather learning often takes time and great effort.
- Build ways for students to learn from and correct mistakes into the classroom and recognize students' perseverance and improvement.

• Demonstrate the extent to which students' skills and knowledge have increased over time placing emphasis on students' abilities to develop and improve as they learn.

Goal 5: Improvements in infra-structure including installation of fibre optics (completed in July/August 2021) to ensure robust and reliable digital environment along with expansion of physical structure to better accommodate all 570 students to be enrolled at Khalsa School Calgary.

## **Outcome:**

- Improved digital learning environment: With the installation of fiber optics, the school's digital environment can become more robust and reliable, ensuring that students have access to high-speed internet and digital resources necessary for effective learning.
- Increased enrollment capacity: By expanding the physical structure, the school can better accommodate its current and future enrollment, ensuring that all students have the space and resources necessary for effective learning.
- Enhanced student experience: With a more robust digital environment and expanded physical structure, students can have a more comfortable and engaging experience, with access to a wider range of resources and facilities.

#### **Measurements:**

- Increased enrollment: An increase in enrollment following the infrastructure improvements can be a clear indicator of the success of the project.
- Improved student retention: The retention of existing students following the infrastructure improvements can also be a positive indicator of success.
- Improved digital performance: The school can measure improvements in digital performance, such as increased download speeds, reduced latency, and fewer connection disruptions.

## Qualitative measures may include:

- Student satisfaction surveys: Students can provide feedback on their experience, including their satisfaction with the digital environment and physical facilities.
- Teacher feedback: Teachers can provide feedback on the impact of the infrastructure improvements on their ability to deliver effective instruction and support student learning.

#### **Strategies:**

- Conducting a needs assessment: Conducting a needs assessment can help the school identify the specific infrastructure needs of its students and teachers.
- Collaborating with technology providers: Collaborating with technology providers can help the school identify and implement the best digital solutions for its needs.
- Developing a comprehensive plan: Developing a comprehensive plan that includes timelines, budgets, and benchmarks can help ensure the successful completion of the project.
- Ensuring stakeholder buy-in: Ensuring stakeholder buy-in, including students, teachers, and parents, can help build support for the project and increase the chances of success.
- Monitoring and evaluating progress: Regular monitoring and evaluation of the project can help identify areas for improvement and ensure that the project stays on track and within budget.

# Stakeholder Engagement in Khalsa School Calgary: Fostering Collaboration and

## Inclusion

Stakeholder engagement plays a vital role in promoting a collaborative and inclusive environment at Khalsa School Calgary. By involving stakeholders, including parents, students, staff, and the wider community, the school can gather valuable insights, build relationships, and make informed decisions. This write-up explores strategies for stakeholder involvement at Khalsa School Calgary, highlighting the importance of communication, collaboration, and shared decision-making.

## **Parent Engagement:**

- a. Open Communication Channels: Khalsa School Calgary maintains open and effective communication channels with parents. Regular newsletters, email updates, and online platforms are utilized to share important information about school activities, curriculum, and student progress. Clear and accessible communication ensures that parents are well-informed and actively engaged in their child's education.
- b. Parent-Teacher Meetings: Conducting regular parent-teacher meetings provides an opportunity for parents to discuss their child's academic progress, address concerns, and receive feedback. These meetings facilitate two-way communication, allowing parents to share insights about their child's strengths, challenges, and learning preferences. Collaborative goal-setting between teachers and parents supports student success and enhances the home-school partnership.
- c. Parent Volunteer Opportunities: Encouraging parents to volunteer in various school activities and events promotes their active involvement. Parents can contribute to field trips, extracurricular programs, fundraising initiatives, and cultural celebrations. These opportunities foster a sense of ownership and community engagement, while also strengthening relationships between parents, staff, and students.

## **Student Engagement:**

- a. Student Councils and Leadership Opportunities: Establishing student councils and leadership programs provides students with a platform to voice their opinions, ideas, and concerns. These initiatives empower students to actively contribute to decision-making processes and school initiatives. Students can organize events, lead clubs, and represent their peers in discussions with school administration.
- b. Surveys and Feedback Mechanisms: Regularly seeking student feedback through surveys and other feedback mechanisms allows the school to understand student perspectives, preferences, and concerns. Students can provide insights on curriculum, extracurricular activities, and school climate. Their input helps shape the learning environment and ensures their needs are considered.

# Staff Engagement:

a. Staff Meetings and Professional Development: Regular staff meetings provide a platform for open dialogue, collaboration, and sharing of best practices. These meetings foster a sense of belonging and ensure that staff members are well-informed about school policies, initiatives, and goals. Additionally, providing professional development opportunities enables staff to enhance their skills, stay updated with educational practices, and contribute to ongoing school

improvement.

b. Committees and Working Groups: Establishing committees and working groups focused on specific areas, such as curriculum development, student support, or cultural diversity, encourages staff engagement. These groups allow staff members to share their expertise, collaborate on projects, and provide valuable input into decision-making processes.

## **Community Engagement:**

- a. Community Events and Celebrations: Organizing community events, cultural celebrations, and open houses encourages community members to participate actively. These events provide opportunities for dialogue, cultural exchange, and relationship-building. They also showcase student achievements and foster a sense of pride within the community.
- b. Partnerships and Collaborations: Khalsa School Calgary can establish partnerships with local organizations, businesses, and community groups. Collaborating on initiatives such as mentorship programs, internships, or guest speakers enhances the learning experience and connects students with real-world opportunities.

## Parent Advisory Council (PAC):

The Parent Advisory Council serves as a formalized body that represents the collective voice of parents within the school community. The PAC plays a crucial role in engaging parents and gathering their input on important matters related to the school's policies, programs, and initiatives. Through regular meetings and consultations, the PAC collaborates with school administrators, providing valuable feedback, suggestions, and perspectives on matters that impact the overall educational experience. The PAC also facilitates communication between parents and the school administration, ensuring that parents' concerns and ideas are effectively addressed.

## **School Expansion:**

In the context of school expansion initiatives, Khalsa School Calgary recognizes the importance of involving stakeholders in the planning and decision-making processes. This includes engaging parents, students, staff, and the wider community to gather their input and address their concerns. Open forums, PAC meetings, and surveys can be conducted to seek feedback on matters related to school expansion, such as infrastructure development, facility enhancements, and resource allocation. Engaging stakeholders in these discussions ensures that their needs and perspectives are considered when making decisions that impact the future growth and development of the school.

## **Community Partnerships and Collaboration:**

Khalsa School Calgary actively seeks partnerships and collaborations with community organizations, businesses, and groups to enrich the educational experience and engage stakeholders beyond the immediate school community. These partnerships can involve cultural organizations, local businesses, educational institutions, and non-profit organizations that align with the school's values and goals. By establishing collaborative relationships, the school will provide students with unique learning opportunities, access to resources, mentorship programs, and community-based projects. Engaging community stakeholders in these partnerships strengthens the school's ties with the broader community and fosters a sense of shared responsibility for student success.

Alumni Engagement: Engaging alumni as stakeholders is another important aspect of stakeholder

#### Education Plan 2023-2026

engagement at Khalsa School Calgary. Alumni can contribute valuable insights, experiences, and expertise to enhance the school's programs and support current students. Establishing an alumni network or association allows former students to stay connected with the school, participate in mentorship programs, and provide guidance to current students. Engaging alumni as stakeholders helps build a strong sense of community and allows for the exchange of knowledge and experiences that can positively impact students' educational Journeys.

Stakeholder engagement at Khalsa School Calgary is crucial for building a collaborative, inclusive, and supportive educational environment. By involving parents, students, staff, and the wider community through open communication, shared decision-making, and meaningful involvement, the school can create a sense of ownership, foster relationships, and ensure that diverse perspectives are considered.

# Required Alberta Education Assurance Measures - Overall Summary

## **Measure Evaluation Reference**

Spring 2023

#### **Achievement Evaluation**

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the three-year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the five achievement evaluation levels for each measure.

Measure	Very Low	Low	Intermediate	High	Very High
Citizenship	0 00 - 66 30	68.30 - 71.63	71.63 - 77.50	77 50 - 81 08	81 08 - 100 00

#### Notes

<sup>1.</sup> For all measures: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.

#### Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the five improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

#### Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

			Achievement		
Improvement	Very High	High	Intermediate	Low	Very Low
Improved Significantly	Excellent	Good	Good	G <u>oo</u> d	Acceptable

## Comment on Results:

We continue to be very proud of our students' success and achievement in these areas and must celebrate such accomplishments. When comparing to the previous school year, our grade 6 students maintained their high scores in most areas. It is noteworthy that we have exceeded the provincial results, in all the subject areas in grade 6.

It is noteworthy that we have exceeded the provincial results, in all the subject areas in grade 9. Our grade 9 students scored higher compared to the provincial results regarding both the acceptable standard and in those who achieved the standard of excellence. Compared to our school's results, we did see a significant drop in Social 9, earning an Intermediate. In Language Arts, we dropped slightly, achieving a High standard, and we maintained a Very High in Math and Science.

Our overall continued success could be due to consistent instructional strategies, common division goals, as well as the support time that is provided to students in all divisions.

With our high percentage of ESL learners, as well as a number of students with exceptional needs, we will continue to research ways in which we can better meet the needs of all learners. We must recognize the strengths reflected in these results while we also strive for excellence and commit to continuous and sustained improvement.

## Strategies

- Maintain the Reading Resource Program, providing direct reading support for students in grades 1 to 4.
- Hold small group sessions with an EA during class time
- Increase the use of websites/resources to aid student understanding
- Increase regular use of technology to enhance student learning.
- Provide teachers with multiple opportunities to further their learning in the areas of ESL, supporting struggling learners, vocabulary, and technology.
- Provide supervision coverage so that Div.2 students can receive additional supports at morning recess
- During study hall, a homeroom Teacher/EA can be assigned to focus on at-risk students

## **Comment on Results:**

Khalsa School Calgary prides itself on the pillars of Sikh faith and close bonds between the school, the family and the community. It is our philosophy of Care, Love, Humility and Respect that must guide our daily practice; we must "walk our talk"!

In acknowledging these results, we believe that there were a number of contributing factors and we must look to the future with a purposeful plan for improvement. We will continue to develop character education and work to have a daily implementation of The Growth Mind set program being developed by the staff. Developing a binder of Growth Mindset activities for each classroom would provide structure and consistency to the program. In addition, numerous leadership opportunities are provided for our students in the form of Student Council, student-led announcements, running a student-led Environment Club, helping in the Learning Commons, participating in reading buddies, and assemblies. It would be beneficial to bring back the hobby clubs led by the students and supervised by the teachers. Our Friday leadership assemblies will continue as a way to come together as a school and provide opportunities to celebrate student leadership, effort and success. As well, we will continue to refine and implement consistent discipline practices and focus on developing professional student/teacher/parent relationships. We will continue the reflection room which comphasizes the importance of discipline and regulating choices by students instead of using it as a penalty for

non-completion of work. In addition, we will also provide regular opportunities for leadership development for both students and staff.

## Strategies:

- Consistency in long term absence policy
- Consistency in testing in learning instead of memorizing. Increase academic, higher level questioning, Tier 2 vocabulary, and expectations.
- Consistency in tracking and handling discipline issues
- Continue implementation of the Growth Mind Set Program
- Continue to provide opportunities for student service, leadership development and civic responsibility in the school and in the larger community (local, national and global)
- Continue to require every student to be involved in a volunteer service (Seva) project
- Provide opportunities for our students to explore other cultures, schools, and community groups-Trickster Art residency, video conferences, field trips, guest speakers, pen pals etc.
- Continue Friday assemblies that include recognition and celebration of student leadership and efforts, as well as Sikh and Canadian holidays and days of significance
- Continue to hold Education Week, including the Annual Student Convention for students in grades 5 to 9
- Encourage parent involvement in school activities and educate the parents on how they can help their child at home (consistent moral education, encourage independence etc.) Hold parent information sessions on various topics that may be of interest and provide support with general parenting skills through the PAC meetings held every month.
- Provide parents an opportunity to give constructive ideas and feedback to improve students' performance in the form of a suggestion box
- Direct instruction, inviting guest speakers, and discussions with students regarding cyber bullying, conflict resolution and respecting boundaries
- Provide students with the opportunity to take part in more clubs and extracurricular activities
- Invite more inspirational and diverse speaker's/role models as guests
- Educate students on the importance of giving back to the society through meaningful activities
- Model community activism to inspire students to get involved through seva at the Gurudwara where teachers model the same as well

## Student Recommendations:

- Provide more opportunities for the students to do seva in the school and community and ensure that students have input in which seva projects they take part in
- Reward students for good behavior/citizenship hard work, regular attendance, and for helping others
- Have class field trips to volunteer centers and the Gurdwara so students can be more aware of what is happening in society
- Invite guest speakers to present on bullying and showing kindness
- Create a school newspaper and a webcast such as "Cecil News"
- Student council elections to be held annually
- Give marks/credit for volunteer work
- Make a win-win/conflict corner in each classroom
- Have a "report your problems" box to submit anonymous concerns

## Outcome Two: First Nations, Metis, and Inuit students in Alberta are successful

#### Comments on Results:

We currently do not have any self-identified First Nations, Metis or Inuit students registered in Khalsa School Calgary. However, we are currently working on developing our foundational knowledge about First Nations, Metis and Inuit peoples for the benefit of all students. We are working to ensure that all students, teachers and school leaders learn about First Nations, Metis and Inuit perspectives and experiences, treaties, and the history and legacy of residential schools. The teachers are encouraged to weave indigenous ways of knowing into new curriculum classroom planning.

## Strategies

- Land Acknowledgement is a part of our daily routine. All staff will be encouraged to update their website and include Land Acknowledgement
- We will have FNMI committee with representations from all divisions, they will provide support and guidance to teachers to Weave Indigenous Knowledge Systems in their everyday practice.
- We will be working on having monthly theme from the Seven Sacred Teachings for Division 1 & 2.
- This year our Division 2 goal is to Integrate First Nation's culture and history into the classroom by creating awareness among the students towards the history of Indigenous people.
- We will work on gathering literature and resources for all grade levels at our school library and we will keep it up to date as per our requirement.
- We will continue to provide professional development opportunities for all staff.
- Teachers from all three divisions will be provided with the resources, websites and lesson plans based on Indigenous learnings which is our little step towards the reconciliation.
- Inviting Elders at least twice in academic school year for their guidance and Teachings.
- Brainstorm and bring in potential residency programs related to FNMI education for the students.

#### Achievements:

- 1. Khalsa School Calgary won the First place in Orange Shirt Day Infographic Poster Competition in entire Alberta. (Calgary Regional Consortium was contacted by the organizers to award the prize to our school year 2021-2022)
  - Student's posters can be viewed in **Empowering the spirit website** under the **TEACHING TOOLS FOR THE CLASSROOM:**
  - https://empoweringthespirit.ca/orange-shirt-day-and-beyond/teaching-tools/
- 2. Our students got an opportunity to meet the panel of clders and ask them questions about their experiences at the Residential School, and the students were fortunate to share in the legacy of residential schools (2022-2023). Responses were shared by Elder Betty Letendre. Interviews with Elders: Betty Letendre October 2022 (Orange Shirt Day) can be found at: Empowering the Spirit website under the TEACHIMG TOOLS FOR THE CLASSROOM: https://empoweringthespirit.ca/orange-shirt-day-and-beyond/teaching-tools/

- This video is best suited for a grade 7-12 audience. Some responses contain mature subject matter and reference mistreatment of children. Viewer discretion is advised.
- Teachers are advised to preview this video before classroom use and follow the viewing with a
  classroom discussion using the Talking Circle learning guide and/or Closing Circle learning guide for
  support.

# Outcome Three: Alberta has excellent teachers, school leaders, and school authority leaders

Performance Measure		Results	(in perce	entages)		Target 2023		Evaluation	Targets			
	2019	2020	2021	2022	2023		Achiev ement	Improve ment	Overall	2024	2025	2026
Program of Studies-Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.	89.1	88.2	81.5	75.7	79.6	85	High	Maintaine d	Good	85	85	85

## Comments:

Results have shown that we have gone up by 4% in this area. Last year, the students got the opportunity to choose different options, however, not everyone got their first preference due to lack of enough staff to provide a diverse learning opportunity for options. This year most students got their preferred first and or second options either in term one or term 2. And we have increased the number of people giving more attractive options (people from div 2). Moreover, we have created a good list of options for each grade level this year. This year students are getting a highly demanded option for coding and STEM, and certainly that will increase the engagement level for students. Having more fine arts, career technology, and physical education exposure in diversified topics may help to engage learners. Facility and space also continues to be a challenge due to ongoing construction in order to provide a wide variety of options.

## Recommendations:

- Having more subject specific teachers to run the option classes in future and giving a flexibility to run it on various days
- Additional staff in PE and Option classes would help to do better in this area.
- Having qualified parent volunteers to aid in running some versatile option classes
- Allowing more student choice in what they would like learn -we have done this year
- Access to a green space, or taking weekly trips to Prairie Winds Park as an outdoor Ed option hoping for the green space to be completed by the end of this year for student access.
- Look into the possibility of once again bringing in a residency program and guest presenters to provide additional opportunities for our students to participate in drama, art and extra-curricular activities
- Research and purchase additional technology for robotics, coding, and computer applications, data analysis
- Incorporate more technology and project based learning in all classes
- Continue and expand on the student-led clubs for all divisions. Suggestions include:

additional activities for students to take part in during recess breaks. Suggestions include: chess, board games, a club to share thoughts ideas and problems, air hockey, Lego, rotating art activities, peer tutoring, puzzles/brain teasers, Gurbani listening center, building things contest

• advertise part time coaching positions for sports to enhance the sports interest in students.

# Outcome Four: Alberta's K-12 education system is well governed and managed

## Comment on Results:

We are happy to see that the level of satisfaction has been maintained or increased in all areas. As all of the above areas are crucial to our success, we will implement the following strategies in each area, in order to maintain this high level of satisfaction from all stakeholders.

## Strategies- Safe and Caring:

- Continue to review, edit, and communicate the school emergency plans, to ensure that all information is relevant and a wide variety of scenarios are considered
- Implement additional student leadership roles focused on safety and caring on busses and playgrounds
- Continue to work with both students and parents to ensure that students are aware of the necessity of using appropriate language
- Highlight students who display positive behavior and good citizenship and on a regular basis.
- Highlight Growth Mindset leaders in monthly newsletter and on bulletin boards around the school as well as promote the importance of maintaining a Growth Mindset in everyday interactions
- Educate students and parents on the resources that are available both within the school and in the community. Incorporate these resources in the monthly newsletter and PAC meetings.
- Continue to focus on building positive student-teacher relationships to enhance a safe and caring
  environment where students feel comfortable discussing their challenges and are open to asking
  questions
- Provide instruction and encourage ongoing conversations regarding inclusion to ensure that all learners and their families feel that they belong, are supported, and are encouraged to do their best
- Hold parent and student workshops on safety, self-regulation, and mental health
- Explicitly teach and consistently model manners and respectful behavior
- Ensure that love, humility and respect is modeled by all adults who interact with our students
- Ensure that teachers are demonstrating consistent respect and manners when engaging with another teacher
- Offer parents the opportunity to provide their suggestions on how to improve safety within the school
- Implement grade-level "buddy programs" where positive peer role models and mentorship is highlighted

- Continue to improve the "Reflection/Meditation Room" and provide students a variety of different tasks to complete that encourage responsibility and kindness
- Provide Social skills groups and 1-1 guidance counseling for students
- Review student discipline policy.
- Create a safe and caring environment committee for teachers to help provide support to students. (bring in guest speakers, bring support, provide PD sessions to staff)
- Speak more about mental health and bullying with the students to help break the stigma.
- Setting clear boundaries and behavioral expectations with consequences.
- Provide targeted training for educational assistants on how to support behavioral students.
- Provide Non-Violent Crisis Intervention training.
- Examine school culture and character building programs to ensure a positive impact on students and staff

## Student Recommendations - Safe and Caring:

- Provide more opportunities for the students to do seva in the school and community and ensure that students have input in which seva projects they take part in
- Reward students for good behavior/citizenship hard work, and for helping others
- Have class field trips to volunteers centers and the Gurdwara so students can be more aware of what is happening in society
- Invite guest speakers to present on bullying and showing kindness
- Make a win-win/conflict corner in each classroom
- Have a "report your problems" box to submit anonymous concerns
- Offer self-help groups
- Ensure students are treated equally and fairly by all
- Install additional cameras
- Provide a wider variety of reflection activities for students to complete when serving a detention
- Involve the RCMP in our lockdown practices
- Mandate criminal record checks for all volunteers

## Strategies - Quality of Education:

- Encourage students to advocate for themselves and ask for support when needed
- Continue policy review and ensure that policies are regularly enforced (increased admin check ins)

- Create opportunities for parents and community members to experience and observe our teaching and learning environment by holding special invitation days. Encouraging parent volunteers to join in the classrooms
- Develop a public relations strategy that highlights Khalsa School Calgary success and accomplishments.
- Increase teacher involvement at PAC meetings.
- Have a teacher representative from each division present at all board meetings to advocate for teachers at a more personal level
- Continue the thorough review of PAT and SLA results to help guide all teachers in planning for instruction
- Invest into teacher professional development and education, allowing teachers more PD days and time to learn about the new curriculum and helpful resources
- Increase division wide teacher collaboration for PD's in order to share a wider vision of education for all students
- Gurudwara visits and increase community connections to learn more about faith-based Sikh traditions
- Increase the number of field trips and immersive learning experiences on and off KSC campus
- Increase mental health resources as well as spaces for students to have calm down time. Have relevant role models come to speak with students often.
- Discuss and make changes to the current method of punishment (i.e. lunch recess detention time)

## Student Recommendations - Quality of Education:

- Reduce amount of homework and give more time for assignments
- Teachers to increase communication of homework assignments and test dates that are being given, so as to have less overlap and more time to focus on each topic
- Reduce the number of tests and quizzes
- Teachers to use more projects as summative assessments for students
- Eliminate final exams for Div. 2
- More outdoor activities, use the Class Craft program
- Increase available space to incorporate more hands on learning. Make spaces available for teachers to sign up for their class and make time for small group work or collaborative project based learning
- Purchase additional document cameras
- Use technology in class more often.
- Purchase better technology for the classrooms, including Chromebook for each class, a small group set of tablets, better smart boards
- Plan more hands on activities that appeal to the interests of the students "Inquiry Based Learning Opportunities"
- Opportunities for homework help after school

hire an in house tutor to run a KSC specific afterschool program for extra help

## Strategies:

• Students are taught attitudes and behavior that will make them successful at work (Performance Measure 3)

#### Collaboration:

• Establishing mentorship programs where older students mentor younger students, providing guidance and support. (e.g. reading buddies, group projects, Principal for a day, Teacher for a period)

## Conflict Resolution Training:

Providing students with tools and strategies for effective conflict resolution, promoting a positive and inclusive school culture. This can start from KG (e.g.: rock paper scissors to take turns, teach them about big problems, small problems)

## Time Management:

Providing explicit expectations for task and time management, and fostering a sense of accountability (on agendas or digital tools). At the same time, implementing regular reflection sessions where students can assess how they are managing their time, identify challenges, and strategize for improvement.

## Organization:

Encouraging the use of planners or digital tools to help students organize their assignments, deadlines, and extracurricular activities. Teach students about priorities by emphasizing the importance of time management, goal setting, and decision-making, guiding them to discern between urgent and important tasks to enhance overall productivity and success.

## Cultivating a Positive Learning Environment Around Mistakes:

Encourage students in school by emphasizing that making mistakes is a natural part of learning and growth, fostering resilience, and providing opportunities for reflection and improvement (e.g. present or write how making a mistake taught them a life lesson).

Oral and written communication: Mastering the art of oral presentation from the very beginning (eg: starting Show and Tell in KG; later, presentations in class and during assembly, parliamentary debates etc.)

Health and Wellness Programs: Implementing comprehensive health and wellness programs that address physical, mental, and emotional well-being.

## Strategies- Lifelong Learning:

- Integrate instruction on life skills into regular programming
- Invite more guest speakers to meet with our students; motivational speakers; speakers who can speak to their life journey
- Provide more "real world" opportunities and learning examples for our students; example: Open Minds/Calgary Campus; school extended trips or exchange programs; pen pal opportunities

- Find additional ways to encourage students to provide their input on both optional programming and resources
- Incorporate more games and hands on activities into the lessons to allow for greater enjoyment of learning; inquiry-based learning opportunities
- Continue to develop our Learning Commons space and the resources available to both students and staff; Maker Space, plant center (UV light stand/microgreens); bulletin board for displaying student art and various projects
- Hold additional sessions for students to support them in their transition into high school; invite other schools in addition to Nelson Mandela to speak to the grade 9s about high school choices/options
- Continue to hold the Student Convention offering a wide variety of sessions
- Continue to maintain a high standard/expectations for work and study habits
- Create more opportunities for students to showcase their learning efforts to staff and students
- Increase opportunities for students to showcase their learning through student-led conferences, whole school exhibitions with community members etc.
- Provide acceleration and/or enrichment strategies to challenge our brilliant students. Give them the opportunities to learn at a faster pace and have access to richer curricular contents and learning activities.
- Look into a scholarship program for outstanding students.
- Recognize outstanding past graduates through Wall of Fame to inspire current students to actively work towards achieving their aspirations and goals.
- Collaborate with high school's/ CTS facilities/ post-secondary institutes etc. to give students a glimpse into potential career fields and to develop knowledge, skills and attitude necessary for the workplace.
- Continue to provide career and academic counseling.
- Provide learning opportunities to develop career and technology-related skills.
- Improve communication regarding post-secondary opportunities to students and parents. Holding academic and career fairs at the Gurudwara/ school.
- Offer a broader range of choice for electives and offer career-focused/ interest based electives to middle school students.
- Provide opportunities/ programs to develop students' soft skills.

## Learning Supports available to teachers, parents and students:

## For Students:

- One-on-one support sessions provided by five Educational Assistants, occurring 3-4 times a week during various periods.
- Certified Reading Recovery Teacher catering to Grade 1-4 students, offering consistent reading support throughout the school week.
- Specialized support for Grade 1 students in literacy and numeracy by a certified teacher during the 2022-2023 academic year, aiming to elevate their academic performance to meet grade-level standards.

### Annual Education Results Report 2022-2023

- Small support groups focusing on social-emotional skills led by the Student Service Coordinator, involving pull-out sessions.
- Collaborative efforts with Punjabi Community Health Services (PCHS) to extend mental health support to both students and parents.
- Sessions for students during school hours conducted by professionals to provide additional support in specific areas.

### For Teachers:

- Opportunities for continuous professional development through engagements with professionals during Staff PD days.
- Encouragement for staff to enroll in external PD sessions to further enhance their skills and knowledge.
- Engagement with professionals during Parent Advisory Committee (PAC) meetings to support and guide parents.

### For Parents:

- Collaborative sessions with professionals during Parent Advisory Committee (PAC) meetings, focusing on parental support and guidance.
- Engagement with Punjabi Community Health Services (PCHS) to provide mental health support specifically for parents.

### Strategies for Enhancing Parental Involvement:

### **Promote Authentic Input:**

Foster ongoing opportunities for genuine input from staff, parents, and students. Encourage parents to share their suggestions by utilizing suggestion boxes, emphasizing the importance of an "open door" policy for teacher-parent collaboration.

### **Boost Engagement and Education:**

Enhance the engagement, education, and involvement of parents and the community within the school. This includes revitalizing PAC meetings to make them more active and participatory. Teachers should proactively communicate upcoming PAC meetings to parents. Have teachers consult with parents on specific school projects in relevance to Alberta Education.

### Maintain Social Media Presence:

Ensure the regular updating of the Khalsa School Calgary Facebook page to keep parents informed and engaged with school activities and announcements.

### **Consistent Newsletters:**

Sustain the distribution of monthly school newsletters to provide timely updates on school happenings and important information for parents.

### Enhance Communication Channels:

Continue and expand teacher-parent communication through various channels such as email, Google Classroom, Class DoJo, etc. This ensures regular updates on student learning progress and upcoming school events. Teachers (Grades 4-9) should update Maplewood on a regular basis so that parents may check their kids' grades online and see how they are doing on assignments, quizzes, and tests.

### **Promote Event Participation:**

#### Annual Education Results Report 2022-2023

Actively invite and motivate parents and community members to attend school events and celebrations, fostering a sense of community involvement and support.

### Utilize Online Parent Portal:

Encourage parents of students in grades 4-9 to consistently utilize the online parent portal, which includes access to marks and attendance records for a comprehensive understanding of their child's academic performance.

### Diverse Parent Workshops:

Organize a range of parent workshops covering topics of interest and benefit, such as internet safety, social media awareness, anti-bullying strategies, mental health, and opportunities for extracurricular activities. This provides valuable information and support for parents in navigating relevant challenges.

### Goal- setting conferences:

Ask parents how they would like to contribute to their child's education. Encourage parents to have dedicated space for their children to complete their homework and to establish a regular routine for completing their homework.

### Parent volunteers in Div. 1

Encourage parents to join Div. 1 classrooms and visit at least once a week and help children in reading sight words or the leveled books.

### Strategies - Continued Improvement:

- Maintain the low staff turnover rate;
- Consider competitive salaries to neighboring school boards.
- Provide opportunities for authentic reflection and feedback to teachers, parents and students (i.e. KSC survey, suggestion box) and provide opportunities to share progress of the feedback given
- Continue to provide opportunities for authentic input from staff, students and parents into decisions that impact the quality of education and school operations (i.e. Budget, AERR/Three Year Education Plan, Procedures, Professional Development, Committees, and Programming Options etc.)
- Consider a special event in spring that brings parents to the school to see a performance, etc. for K-3 prior to spring break to bring students, staff, teachers and parents together to celebrate.
- Regularly recognize staff for their effort; such years of service, small luncheons, Sunshine Committee efforts, tokens of appreciation from administration to staff and vice versa
- Continued improvements and resources for the Learning Commons; bring back the Makers Space, more technology for students to access;

#### Annual Education Results Report 2022-2023

- Technology Improvements and advancements in classrooms such as updated Smart Boards, classroom tablets/Chromebooks/laptops for students to access more easily to help align with curriculum outcomes related to Computer Sciences as well as literacy and numeracy apps, etc.
- Follow through on all plans and strategies that are included in this document.

### Professional Learning, Supervision and Evaluation

- Professional Development: At Khalsa School Calgary we have numerous PD opportunities for our staff. This involves workshops, seminars, conferences, and specific training sessions aimed at enhancing teaching skills, leadership qualities, and pedagogical approaches.
- Supervision and Evaluation Protocols: The Principal and Assistant Principal conduct regular observations, feedback mechanisms, goal-setting sessions, and constructive evaluations to support professional growth.
- Implementation of Local Policies: Our policies are reviewed at the beginning of the school year with all staff and the policy file is then shared with all staff to review on their own. The policies outline the expectation and are followed to maintain teaching and leadership standards.
- Impact Assessment: This involves measurable outcomes, such as improved student achievement, enhanced teacher morale, increased parental satisfaction, and other relevant indicators of success.

### The average number of months behind grade level after the administration of the initial assessments for at risk students:

We observed an average delay of at least 6 months behind grade level. This information was crucial for us to tailor our interventions and support strategies to ensure these students received the required help and support they needed to thrive academically.

### The average number of months gained at grade level after the administration of the final assessments for at risk students:

An average progress of approximately 2-3 months gained from the initial assessment level.

# A summary of support strategies used for students identified as being at risk at each grade level:

Khalsa School Calgary provided targeted support to at-risk grade 1 students in literacy and numeracy. After receiving funding, a certified teacher was hired to conducted pull-out sessions with these students. Students where pulled out for support every Tuesday and Thursday for 2-3 periods of 40 minute blocks. The aim was to deliver personalized and focused support to enhance literacy and numeracy skills, ultimately bringing the at-risk students up to grade level.

### Required Alberta Education Assurance Measures - Overall Summary

### **Measure Evaluation Reference**

Spring 2023

Authority: 0207 Khalsa School Calgary Educational Foundation

#### Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the three-year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the five achievement evaluation levels for each measure.

Measure	Very Low	Low	intermediate	High	Very High

#### Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the five improvement evaluation levels based upon the chi-square result

<b>Evaluation Category</b>	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1 00
	1.00 - 3.83 (current > previous 3-year average)
	3 84 + (current > previous 3-year average)

#### **Overall Evaluation Table**

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

### Measure Evaluation Reference - Achievement Evaluation

### Authority: 0207 Khalsa School Calgary Educational Foundation (ESL)

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the three-year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the five achievement evaluation levels for each measure.

### Noles:

- 1. The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.
- Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.

### Measure Evaluation Reference - Improvement and Overall Evaluation Table

### Authority: 0207 Khalsa School Calgary Educational Foundation (ESL)

### **Improvement Table**

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the five improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)

### **Overall Evaluation Table**

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation.

The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation

Data values have been suppressed where the number of respondents/students is fewer than 6. Suppression is marked with an asterisk (\*).

"A" = Acceptable; "E" = Excellence — the percentages achieving the acceptable standard include the percentages achieving the standard of excellence.

Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in tests.

Participation in the Provincial Achievement Tesls was impacted by the fires in 2018/19, and the COVID-19 pandemic from 2019/20 to 2021/22. School years 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.

Part A, which requires students to complete number-operation questions without using calculators, was added to Mathematics 9 in 2017/18.

Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the provincial cohort. All students have been included in school and school authority reporting. Caution should be used when interpreting these

### PAT RESULTS ANALYSIS SUMMARY

The trend data is an important tool for educators as the data trend and pattern analysis, in whole and by subject and grade, inform teacher practice as well as provide information about areas of strength and areas in need of improvement for individual students. The PAT data along with other measures of assessment, growth and achievement will enable us to continue to provide excellence in education and enable our students to grow and thrive in their educational journey.

### **GRADE 6 TRENDS**

When examining the PAT results for the 2022-2023 school year, our grade 6 students maintained very high scores in all subject areas. It is noteworthy that we have exceeded the provincial results, in all the subject areas in grade 6. Our grade 6 students scored higher compared to the provincial results in regards to both the acceptable standard and in those who achieved the standard of excellence.

### **GRADE 9 TRENDS**

It is noteworthy that we have exceeded the provincial results, in all of the subject areas in grade 9. Our grade 9 students scored very high standard compared to the provincial results in regards to both the acceptable standard and in those who achieved the standard of excellence. Compared to our school's results, in Social Studies we achieved an intermediate standard of excellence, and in English Language Arts we achieved a high standard of excellence.

### Plan for Implementation and Budget

Khalsa School Calgary has developed an ambitious and meticulously crafted plan for growth and expansion, aimed at meeting the diverse needs of stakeholders and providing unwavering support to its students. The plan emphasizes careful forethought, considering timelines, and creating opportunities for ongoing dialogue and feedback. Recognizing the power of community engagement, the school actively involves the community in informing and driving the implementation of the plan. As the school expands, it envisions growth in both size and impact, diligently working to transform its priorities into tangible reality. Additionally, the school remains committed to a continuous improvement process, leveraging the valuable insights from its annual education results report in the fall to shape the planning cycle in the spring.

In light of the new piloting of the Alberta curriculum, Khalsa School Calgary has devised a detailed plan for implementation. The school recognizes the importance of preparing teachers and ensuring their comfort with the new curriculum. To achieve this, the school will offer comprehensive teacher professional development opportunities. These opportunities will focus on equipping teachers with the necessary knowledge, skills, and resources to effectively implement the Alberta curriculum. The funding received as mentioned in the Khalsa School budget will be utilized to support these professional development initiatives.

The plan allocates specific resources from the budget to fund and implement the new curriculum. This includes procuring the required teaching materials, resources, and technology infrastructure necessary for successful curriculum delivery. The school will carefully consider the allocation of funds to ensure they are utilized effectively and efficiently.

To support the implementation process, Khalsa School Calgary will leverage technology integration. Teachers will be provided with access to online platforms, digital resources, and instructional technology tools that align with the Alberta curriculum. The school will prioritize training and support to ensure teachers can effectively integrate technology into their teaching practices.

Ongoing feedback and support will play a crucial role in the implementation plan. The school will establish a system for continuous dialogue and feedback among teachers, administrators, and stakeholders. Regular meetings, forums, and surveys will be conducted to gather input, address concerns, and provide support throughout the implementation process. This collaborative and supportive environment will encourage the sharing of best practices and lessons learned among the teaching community.

Khalsa School Calgary's commitment to continuous improvement will guide the implementation process. Regular monitoring and evaluation of the outcomes and impact of the new curriculum will take place. Feedback, data, and emerging needs will inform adjustments and refinements to the implementation strategy.

Khalsa School Calgary's plan of implementation encompasses comprehensive teacher professional development, effective resource allocation, technology integration, ongoing feedback and support, and a commitment to continuous improvement. Through the dedicated implementation of this plan, the school aims to successfully implement the new Alberta curriculum, ensuring that teachers are well-prepared and supported in providing an exceptional educational experience to its students.

### Budget Highlights and Assumptions:

business and financial risks

This Budget is based on 611 students including 100 Kindergaren with 50.26 FTE staff of which 33 are certificated, 11 Non-Certifcated working with students and 6.26 for Office and System Admin; with a budgeted surplus of \$378K.

and to Identify significant business and financial risks facing your school. Note that these brief comments should be consistent with your three year Education Plan submission and focus on anticipated material changes from the current year enrolment, staff, contracts, programs, projects,

All Contracts and service amounts are historical plus a rate of inflation with a slight buffer built some of the categories for emergent or unexpected costs. Fees are also a major portion of funding for the school and it is provided by our parents.

### Significant Business and Financial Risks:

The School bulld additional eight classrooms (bullt from combining portables which are opened and operational since Sep 2023) is being funded entirely by Dashmesh Culture Centre (DCC). We are very thankful for the entire project being funded by DCC through creation of mortgages in DCC's name.

At present there is no pressure on the school to pay for the mortgage, until school brings its operations into line, to create surpluses to be used by students for edcuation while the DCC will look after the mortgage.
